Subject: Request for Release of Small Mine Notice, Twin Mountain Rock, Riprap Quarry, S/001/049, Beaver County, Utah

Dear Mr. Frank :

On October 28, 2005, we received your request that we terminate the small mining permit for your Riprap Quarry. We have attached an Application for Site and/or Bond Release form. We will use this information to determine if the vegetation meets the 70 percent criteria and has survived three growing seasons. The site was not bonded, but in the gathering of large boulders the ground was disturbed and reseeded and requires a final site release determination from the Division.

If you have any questions or concerns regarding this form, please contact me at 801-538-5258 or Tom Munson at 801-538-5321. Thank you for your assistance in completing the paperwork necessary to close out this project file. Please reference our file number S/001/049 in preparing the report form.

Sincerely,
